

# trg tech ambassador scholarship programme

We know that Pakistan's new generation is full of talent. We want to support our smart, ambitious and tech-savvy geniuses to grow into next generation tech leaders.

Our Ambassador Scholarship Programme aims to support our future technology leaders and visionaries by providing financial aid which will allow them to better focus on their academic goals. Student Ambassadors will be able to develop rare insights into the tech industry. Successful applicants will be able to participate in the **trg tech** Internship Programme and acquire two months experience with outstanding technology leaders in **trg tech**'s highly imaginative and uniquely energetic environment.

**trg tech: playing mind games**  
(of the intelligent kind)

## eligibility

- Relevant disciplines  
Computer Science / Computer Programming / Electronics /  
Computer Engineering / Mechanical Engineering
