

# trg tech technical talks series

In a professional arena, sharing positive experiences is as important as learning from the disheartening ones. Connecting with diverse tech visionaries and exchanging ideas with colleagues and market leaders helps us learn profound lessons.

**trg tech** is all about technology innovation and advancement. As part of our responsibility to share our knowledge base and inspire our fellow technologists, our Technical Talks Series initiates dialogue between passionate technology visionaries on ideas, best practices and strategies.

**trg tech: playing mind games**  
(of the intelligent kind)

**enclosed**
